<b>Water Wheel Chardonnay 2005</b>	

2005 Water Wheel Chardonnay

<b>Tasting Notes</b>
----------------------

**89pts, Robert Parker Jr's The Wine Advocate, #168. December 2006.** "A surprisingly fine white, the 2005 Chardonnay was aged in 300 liter used hogsheads, so the oak component is very subtle. Medium to full-bodied with ripe, honeyed pineapple, pear, and passion fruit characteristics, it reveals a nice texture, excellent acidity, and fine overall balance. Drink this fruity Chardonnay over the next year."

**87 pts. Wine Spectator. Aug 31, 2006.** Tangy style has a strong mineral note running through the pineapple and pear fruit, finishing with lively acidity. Drink now through 2007. 8,000 cases made.

<b>Food Accompaniments</b>
----------------------------

Veal, fish, pasta and poultry.

<b>Wine Makers Notes</b>
--------------------------

This wine is made from our own ripe, full flavored grapes. A peach, melon nose and creamy peach buttery texture. American oak and little butterscotch in the finish.
